

B. King's Firearms
**Affidavit Certifying Compliance with State and Local Laws Restricting the Sale of
Certain Firearms and High-Capacity Magazines**

The undersigned FFL dealer (the "Dealer") hereby certifies that it fully understands all state, city and county laws, regulations and ordinances ("Firearm Laws"), applicable to its business that restrict or limit the sale of firearms having certain features or combination of features (e.g. pistol grip, folding stock, etc.), or listed (including copies or duplicates) as restricted, other prohibited firearms, and high-capacity magazines (the "Restricted Products"). The Firearm Laws prohibit the sale of the Restricted Products in the state of the Dealer's licensed premises, except and only to the extent specifically permitted by law, to law enforcement, government agencies or other permitted exceptions ("Permitted Transfers").

The Dealer desires to purchase Restricted Products from B. King's Firearms. ("BKF"), an out-of-state national distributor of firearms and related products to FFL dealers. B. King's Firearms is not willing to sell Restricted Products to Dealer without the understanding and certification from the Dealer that it will fully comply with all Firearm Laws, whether existing or hereinafter enacted, and obtain any required license(s) applicable to its business.

Now therefore, the Dealer hereby agrees and certifies that it will not purchase, sell, or otherwise transfer possession of the Restricted Products, unless it is a Permitted Transfer in strict compliance with the Firearm Laws. The Dealer also agrees that it will indemnify B. King's Firearms for damages that may arise from the sale of a Restricted Product that is not in compliance with Firearms Laws.

I have read, fully understand, and agree to comply with the above.
